TradeStation Ranked #1 Online Brokerage Firm in the U.S.

Rated “Best Overall” in Barron’s Magazine’s Annual Ranking of Online Brokerage Firms Over 22 Competitors

Also Ranked Best for Frequent Traders, Options Traders and International Traders

Plantation FL, March 17, 2008 – *Barron’s* magazine has ranked TradeStation Securities the #1 online brokerage firm in its annual review of online brokerage firms, now in its thirteenth year. *TradeStation* not only won for “best overall broker,” the biggest prize, but was also the leader in three out of the four subcategories that were ranked – “best for frequent traders,” “best for options traders” and “best for international traders.” *TradeStation* was ranked superior, overall, to 22 other online brokerages, including Interactive Brokers, optionsXpress, thinkorswim, Charles Schwab, E*Trade Securities, Fidelity Investments, Scottrade, and TD Ameritrade.

The review highlighted *TradeStation’s* compelling strengths, stating: “What pushes this software-based firm to the top is its incredible trading technology and its powerful analysis, charting and back-testing capabilities.” Referring to the trading system as a “Porsche 911GT3,” the reviewer added, “The average TradeStation customer puts on 640 trades a year....That’s why it’s our top pick for the frequent trader as well.”

“To be named the best there is by *Barron’s* is a great honor for our company,” said Salomon Sredni, CEO of TradeStation Group. “We are extremely grateful for this recognition and to our employees. It is their dedication and hard work that made this possible.”
